

## TINKERTIMES... For you!

*Flexible, extended hours are available for your child's preschool experience in addition to regularly scheduled sessions!* This is an optional service which may be utilized at any time, or any day of the week in which preschool meets. You may bring your child as early as **7:30**; your child may stay through lunch (bring) or have a snack (provided), depending upon your individual preference. Tinkertime is available until **3:30** every day 5 days a week!

*Many families have found this experience a great and gradual way to prepare for the all day kindergarten programs which are in place at St. Gabriel School and Baldwin-Whitehall School District.*

*If extra time is helpful for you due to appointments, shopping, emergency, or even if your child just likes extra play time, please let us know how we can help!*

*Billing will be provided according to actual times using this service and is separate from the monthly tuition. The fee is \$4.00 per half hour; \$7.00 per hour. We are hoping to assist you as much as possible through your busy and sometimes stressful weeks! As always, we remain committed to the very best for your child and you!*
